About me

I am a dedicated MERN Stack Developer with extensive experience in full-stack development. Proficient in JavaScript, Node.js, Express.js, React, Next JS. SQL, Database design, PostgreSQL, and MongoDB, I have a passion for creating efficient, SASS, and scalable web applications. With a strong background in both front-end and back-end development, I thrive in collaborative environments and enjoy solving complex technical challenges.

Experience

CEO, Founder of Onnorokom Programming

Education Platform   Current

I like to learn and teach what I learned. I want to share my knowledge and help those who are willing to learn deeply.

Freelance Developer

Fiverr, Upwork, Freelancer,Local   Current

- Developed and maintained web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js, Next JS).
- Collaborated with clients to understand their needs and deliver tailored software solutions.
- Implemented responsive design to ensure seamless user experiences across different devices.
